

C & NW OK Removal Unsightly Freight Bldg.

If the Arlington Heights business men and citizens are sufficiently interested to pay the cost, the unsightly, dilapidated freight depot can come down. The railroad is in the hands of a receiver and there is no other way that rehabilitation of the 46 year old passenger depot and the removal of the freight structure can be accomplished.

Definite assurance that the railroad company would accede to the plan as originally suggested by Messrs. Geo. Schneberger and Wm. Tackett was received by these two when with Attorney Hugo J. Thal, as a committee representing the Arlington Heights Trade and Civic Association, they spent a large part of Tuesday afternoon with engineers of the North Western discussing the several phases of the plan.

The railroad officials made it plain at the outset that they could do very little financially, but they were in accord with the general idea and would cooperate so far as possible such as painting of the structures and the hauling of materials for the buildings without freight charges.

The removal of the old freight depot from Arlington Heights front yard has been talked about over ten years. Its actual accomplishment is a part of the 1938 program of the local civic organization.

The Arlington Heights Trade and Civic Association realize that they will need the cooperation of the general public and all of the other civic organizations in the village. When definite plans are received including authoritative figures as to cost, a general meeting will be held and a subscription campaign started.

In the meantime, the committee has a sharp pencil figuring ways to cut costs in order that the entire project can be kept near the \$5,000 figure, which would be a saving of about one third of the costs if the improvements were handled by an outright contract.

The improvement will include removal of present freight depot and the erection of a new structure adjacent to team track, two blocks further west; remodeling of present passenger depot by use of stone to window ledge with stucco above; basement for heating plant and interior changes.

With the receipt of a reasonable bid for the eight signs needed to complete the entrance pillars, the contract will probably be let by the village board Monday evening. The signs will read "entering, or leaving Arlington Heights. They will reflect to the headlines of approaching automobiles. The entrance pillars have been erected at no cost to any civic body, the expense being shared by three local business firms.

The pillars are a part of the 1938 program of the Trade and Civic Association which is sponsoring the depot improvement.

Lutherans To Observe Mission Sunday With Three Special Services

St. Peter Lutheran church of Arlington Heights has set aside Sunday, September 18, in the interest of the world-wide mission work undertaken by the Lutheran body with which it has affiliations.

An elaborate program is being featured this week culminating in three special services Sunday morning and evening. Noted speakers and foreign missionaries will present the needs of the church's great mission fields.

The Rev. Carl Buenger of Kenosha, Wisconsin, will preach the sermon in the German service at 9:30 a. m. He will be followed at 11 a. m. by Pastor Louis Schwartzkopf, a former missionary of China, speaking in English.

A vesper mission worship is arranged on Sunday evening at 7:30. The feature of this service is an address by the Rev. Robert Jank, recently returned from India.

The program will be concluded with an informal question hour in the school hall conducted by the two ex-missionaries. To illustrate their remarks they are showing stereopticon views of scenes taken in the foreign lands.

Most popular is the unusual display of missionary curios, and posters open to the public Thursday and Friday evening, and all day Sunday.

Members of the church have been invited to make a special offering for the support of missions in the three envelopes placed in their annual pack.

All friends of Christian missions are cordially welcome at all these outstanding events.

Fire Chief Entertains Former College Chum

The old days at Jefferson high school and Northwestern University were lived over again at the home of Geo. K. Voiz, Arlington Heights fire chief last Wednesday evening. The guest was Dr. Roy Fleckner, head of the classical department of the University of Iowa, who was just a classmate of George in those other days. They have kept in touch with each other as the years pass, but the reunion of Wednesday was the first in a long time.

Fashion Show Next Wednesday

"Hello All of you Women" who want to go to a party, Merle Guild Unit No. 208, of the American Legion auxiliary cordially invites all of you to attend their fourth annual fashion show and card party next Wednesday.

You know that Autumn is the new year of the fashion calendar. It's really time to make a fresh start with a new costume that is really new in silhouette, in color or in a new fabric. And what nice time is there, than the month of September. "Gorgeous" is the word for the month of September, the golden month of the peak of summer and the beginning of the harvest.

Fashion says "Be as pretty as you can, as feminine as your heart desires." Designers this year have worked to create fashions in which we look as nice when we sit as when we stand, designs for clothes that will be as becoming for work or play or any occasion for which we wear them.

Haven't you thought about getting a new dress or a new pair of shoes for the next bridge party? You know many changes in fashions are in the air this autumn, and you simply cannot wear last year's dress. You know a new dress, a new pair of shoes and a new coiffure and "you" is all that's needed to provide "Glamour." So won't you come and see our show?

Looking at new fashions, new shoes and new styles in hairdress always provides a release from the nervous jangle and problems of our everyday workaday world. Looking at a fashion show is like indulging in a hobby without much expense. Clothes may not make the woman—heavens no—but they do have an important bearing upon her life and her happiness. Shoes, dresses and a new hair style are the chief glories of womanhood.

We promise you that you will see a precious array of women's skill and love of beauty in our fashion show. The show comes to us thru the courtesy of Miss Emma Wilke of the Emerald Shop. Miss Wilke promises to show us fashions that are a monument to the beauty and creative instinct of women.

The hats are as beautiful as the clothes. The hats are dangerously exciting. The models have been chosen for their ability to wear clothes well, girls who will show the newest creations to the best advantage. Fall and winter fashions as well as hats, purses and gloves will be on display. Children's clothes will also be modeled.

One Week More To Pay Your Taxes

There is one week more to pay the second installment of the 1937 taxes.

The country town collectors' offices are all open and ready for business, but according to reports from the collectors this week, there has been no rush of taxpayers as yet.

But the last week always tells the story and that last week is next week.

The township collectors' offices all close Saturday night, Sept. 24, and the boys are waiting to serve you. Finally date is Oct. 1, but the country town collectors only have until the 24th of September to make their collections, so if you want to avoid the last minute rush at the County building, see your home collector on or before the 24th.

Death Takes G. Framberg

Former Village Official and Business Man Dies After Lingered Illness

Gus Framberg, former Arlington Heights village official and business man, died at his home on So. State road, Saturday afternoon, Sept. 10, after an illness that extended over a period of three years.

The funeral was held Tuesday afternoon at his late home, with the Rev. H. A. Kossack officiating. Interment was in Ridge wood cemetery.

Active past bearers were Leonard and Marvin Rodewald, Herbert Hammer, O. G. Barrett, J. D. Plentie and Walter Krause, the three latter being members of the village board during some of the years of his life.

Mr. Framberg served as a member of the village board, with the exception of one term from 1927 to 1935. He was chairman on either the police or street committee during his term of office. He was never hesitant about making known his position on all civic questions. Often when troublesome matters were before the board, it was a motion by Mr. Framberg, which brought about its disposal. He never tried to force his opinion on the other fellow. An election poster of a few years ago said of the deceased, "he has both feet on the ground and knows what it is all about."

Following his forced retirement, Mr. Framberg was as much interested in village affairs as when he was an official. His friends remember the habit of stopping regularly at his home to tell him the latest developments. Cheerful greetings would come from that porch chair to passersby. Mr. Framberg did not hesitate to exercise the right of a private citizen and "speak his piece" on public questions, even to reprimanding the editor on numerous occasions.

As a business man he owned the Framberg confectionery store eleven years. His genial smile won him the friendship of all the boys of the paper routes, the high school boys who gathered evenings to discuss athletic events and the general public. He was seldom without a smile, even in his illness when he was almost helpless at times, he always said he was "just fine." Mr. Framberg can be said to have gotten all of the enjoyment out of life that came his way.

The deceased was born in Chicago June 4, 1897. When still in his teens his high school education was interrupted by the necessity of going to work and he entered the employ of Benjamin Electric Co. at Des Plaines in 1912, remaining there fifteen years. Friendships formed during that period were cherished by him the rest of his life.

He was united in marriage with Miss Ethel Peter Nov. 12, 1919, since which time he resided in Arlington Heights. Becoming seriously ill three years ago, he gave up the active management of his business and retired from participation in village affairs. The last week he gradually grew weaker until the end when with his wife at his bedside, endeavoring to relieve his pain, he passed away.

He is survived by his wife, Ethel Framberg, two children, Harold and Marilyn, his mother, Mrs. Emma Horn of Des Plaines; one brother, George Framberg of Milwaukee, Wis.; one step-sister, Mrs. James Carroll of Des Plaines, besides other relatives and many friends.

ELK GROVE 4-H CLUB MEETS AT ARTHUR BUSSES

The last meeting of the Elk Grove 4-H club was held September 8 at the home of Mr. and Mrs. Arthur Busses.

After the meeting they checked all the record books of the members.

Refreshments were served later in the evening.

Republicanism At Cross Roads

A few weeks ago this newspaper published an account of the Lyons meeting at Arlington Heights.

We have been severely criticized by Republican leaders for printing that story, for telling the truth. In our staff we have both Republicans and Democrats. The biggest Republican on the staff attended that meeting (which hosts of Republicans didn't do) and wrote the story. He told the truth and it hurt.

As we see it, Republicanism stands at the cross roads.

Interest and united effort is needed if the Republican party is to regain a place in the sun. Even in this greatly historic Republican territory the opposition party has made tremendous gains in the last few years.

During the past summer we heard a lot about successful Democratic picnics, but we have failed to hear of much action on the part of the Republicans.

It takes work to win elections, year around work, not just a few days before the election.

If our story of the Lyons rally got some of the Republicans mad, we are glad of it. We will stir up some action. Our political reporter is right now on the trail of a story that when and if he breaks it will make the Lyons rally story look mild and that will cause a sensation in political circles.

That story deals with an understanding said to be in the making between two rival candidates of the two big parties, a sort of "you scratch my back and I'll scratch yours" deal whereby the two candidates would help each other at the expense of their fellow candidates.

Is it any wonder that there is party dissension with that sort of thing going on, if it is going on?

Election time is coming. This newspaper will continue to print the news and if we step on the toes of the politicians or stem up some political party to greater effort, so much the better for that party.

For the benefit of the republicans of northern Cook county, we clip the following from last week's issue of the Du Page County Register:

BLOOMINGDALE G. O. P. BRINGS THEM OUT

"Apparently resenting the 'empty' nature of the last week's election, the newspaper last week telling about the poor showing of Arlington Heights Republicans when their leading man, Richard Lyons, candidate for the Senate, appeared to address them, Bloomingdale township Labor day that there is an active Republican organization along the Cook-DuPage county line and that there are lots of Republicans ready to support their candidates in this vicinity."

"The free Labor Day dance of this organization at Roselle last Monday, was a grand success. The DuPage county candidates who were on hand to meet their neighbors of Republican faith, had a good day's work out of them, for hundreds of people, young and old, were present."

Mt. Prospect Cop Has A Merry Chase After License Plate Thieves

Ted Moehling, of the Mt. Prospect police force found early Sunday morning that it is not easy to drive a car with the right hand and nearly 40 miles an hour. He attempted the impossible in spite of hazards, from Mt. Prospect to Barrington where opposite traffic compelled him to give up the chase when the race reached the two lane section of the Northwest highway.

It was about 2 a. m. when Bert Taylor of the Mt. Prospect bowling alley tavern saw two men stop off a car belonging to R. De Vito, 1536 Wheelon, Chicago, which was parked nearby. Taylor notified Moehling who started out after the other car. As he neared the thieves a man's coat and then a package of plans from the Carl Schurz high school were thrown out of the first car in an attempt to wreck the police auto. The obstacles he continued the chase realizing that he was pursuing dangerous men. As he neared the fleeing car, the driver would swerve to center lane. Similar tactics were used when cars were approaching from the opposite direction.

Moehling drew his gun and after a warning shot did his best to score a direct hit, but failed. A call was sent over the state radio and no arrests were made. Investigation made the next morning revealed the car being driven was a stolen one.

Redeker-Ackerman Nuptials Wednesday At St. Peters Church

Miss Eleanor Redeker and Mr. Earl Ackerman were united in marriage in a quiet ceremony at 1:30 p. m., Wednesday, September 14, at St. Peters Lutheran church. The Rev. H. C. Fricke officiated. Bridesmaids were Miss Thelma Winkelman and Miss Marion Peterson.

Mr. Ackerman is in business with his brothers, Sterling and Roland at the Sterling Oil Company, and the bride is a well known Arlington Heights young woman.

Arlington School Election Fails Voters Turn Down School Bond Issue

Mt. Prospect Approves Addition to High School Arlington Against It

Last minute propaganda is considered responsible for the defeat last Saturday of the propositions that would have enabled the Arlington Heights high school board to accept a government grant of \$72,000 and the issuance of a \$95,000 bond issue for the purpose of making additions to present structure and making alterations in the original building.

There were 1081 votes cast; the proposition lost by 27 votes. Mt. Prospect voters, numbering 290 favored the proposition by vote of 138 to 119; while Arlington Heights voters were against the project by a vote of 427 to 381. The vote on the three propositions was:

	Pre-2	Total
Votes cast	821	1081
For Building	381	519
Against Building	427	546
For Bond Issue	369	505
Against Bond Issue	427	516
For Add. Tax	366	501
Against Add. Tax	438	557

Palatine Twp. Rural Schools Face Problem

With another school year under way and the enrollment of several of the country schools of Palatine township showing a heavy increase, the problem of what to do within the next few years faces the school directors of those rural districts.

Present school facilities in several districts are going to be inadequate in a year or so and the big question is what is to be done about it?

Will each of these heavily populated districts, some of which have just about finished paying for new schools and some which are still paying, vote additional bond issues for additions or for new schools, or will some effort be made toward a consolidated grade school for the entire community?

The advantages of a larger school where greater specialized training is possible than in a country school where one teacher is forced to teach all grades, is well known.

Illinois is far behind most of the states in many educational matters. Cook county is far behind many progressive communities in the matter of consolidated schools.

The question of what to do about the school problem in Palatine township, is going to be an acute one in a very short time.

Will it continue to be the small country school for each district or a modern consolidated school for all? There is food for serious thought for the school men of the township in that question.

Hold Services Today For Arlington Youth Victim of Auto Crash

Barring any unforeseen contingencies the Mt. Prospect fire fighters expect a large crowd at the department's 25th anniversary dance next Saturday evening at the Arlington Ballroom. All of the boys have been active in the sale of tickets and general promotion of this dance.

The dance has been planned as part of a celebration commemorating 25 years of volunteer fire department service to Mount Prospect and vicinity and the members of the fire department hope the local citizenry will turn out to help them celebrate this gala occasion.

Music will be furnished by Charlie Gerber's Grenadiers and a lively time is assured all who attend. Tickets may be obtained from any member of the Fire Department, from any merchant, or at the door.

The Arlington Ballroom is located on Higgins road at State road.

Rain Postpones Softball Games

Northwest suburban softball league games and the playoffs of the Arlington Heights softball series were postponed last week because of inclement weather. The league schedule will be held at Round Park, Des Plaines, was shopped up one week but two nights of games have already been rained out. Late seasonal rains may postpone the games altogether, it is believed.

Wm. Ammen, Collector, Twp. of Wheeling.

High School Board Makes Statement

Inasmuch as this Board has been petitioned by a number of parents in this district to hold another election on the question of building an addition to and remodeling the present building, we wish to correct certain misinformation which came to our notice at the last election.

It has been the purpose of this Board since the first citizen's committee was called, to give an opportunity to all to express themselves and help with the final plans which were to be adopted. This was done in the belief that all honest convictions of honorable men should be respected. All information and facts in the hands of the Board was made available to all concerned and no effort was made to "put something over," or to color in any way the true facts.

The following points make clarification for the benefit of those who were misled at the last election:

1. Contrary to the rumor which was circulated, each and every member of this Board is 100% in favor of the three propositions as submitted.

2. We do not propose to wreck the building and leave it unfinished, requiring another bond issue to finish it. The present bond issue will complete the job, including equipment, for P.W.A. authorities would not approve the grant if there were any doubt about the ability of the one issue to finish the work.

3. A P.W.A. direct grant is a gift from the government which does not ever have to be paid back. This grant or gift is 45% of the total cost of the project, including equipment.

4. The cost of the project in increased taxes has been exaggerated and over-emphasized by those working against the addition. Better understanding will be had from a concrete example. The complete cost of BONDS PLUS INTEREST of the project for an average year would raise last year's High School tax rate from \$1.22 to \$1.34, which would raise the total tax rate on an Arlington Heights home from \$6.19 to \$6.31. This means that if your taxes were \$61.90 last year, the complete cost would have raised these taxes to \$63.10 or an increase of \$1.20 for a home paying this amount of tax. We believe that this is not luxury spending or new building hysteria, but an opportunity to provide much needed room and correction to the present building at a very low cost.

5. We have been asked what alternative we have. From the opposition to portable housing which has been expressed we would not provide such buildings except as a last resort, but would first of all have to refuse to take pupils from without the district. This would mean that farmers living on this side of Hinckley road and voting against the addition, would in reality be voting to exclude their neighbors' children across the road from this school. Such children who are almost within walking distance would then have to attend some other more remote school.

6. It has been recommended that all such pupils outside the district be excluded. This can be done when it is considered necessary, but all such pupils have their tuition paid by their own district. This year there are 43 such pupils registered and the tuition to be collected will be about \$5,000.00. This in itself will pay for over one-half of the bond and interest charges of the addition, and good business would indicate that the exclusion of these paying pupils is decidedly a poor business policy.

7. To those who might doubt the tax-raising figures given above, the following figures are quoted: Total bond issue, \$95,000. Total interest for 20 years coupons \$55,265. Total cost, bonds and interest, \$140,265. This cost divided over a 20 year period gives average cost of \$7,013 per year. The levy for the past few years having been \$70,000, it is evident that the High School levy will be raised 10% or from \$1.22 to \$1.34 tax rate. It is not the purpose of this paragraph to draw attention to the rates of other taxing bodies, but anyone interested can compare the separate rates for the various taxing bodies over the past ten years and see who has been responsible for the increase in taxes over the district. Is the 2% increase in your taxes of sufficient importance to the parents of children in all the grade schools of the district, whether parochial, rural, or public, to vote down such a proposal? Is the \$2.00 a year increase, that a home paying \$100 a year taxes must bear, of more importance than the children in that home? If so, this should be a community for families without children and School Boards and their time consuming duties would all be unnecessary.

Northwest Sportmens Club Releases Pheasants Is Help To Farmers

The Northwest Towns Sportsmen's Club released 250 pheasants last week which had been raised from chicks originally supplied by the conservation department of the state of Illinois. Half of the pheasants were released within the corporate limits of Arlington Heights, Palatine and Mt. Prospect, the police departments of these municipalities promising to use their best endeavors to protect the birds and arrest violators of the game laws.

The other half of the birds was distributed in farmers' fields of the Elk Grove and Buffalo Grove areas. Proof of the value of the pheasants as protection of growing crops was clearly demonstrated when the birds in many places began to peck at insects on grasshoppers and other insects.

Wm. Freise, of Schaumburg township is one farmer who knows that it pays to protect pheasants. He reports that wild pheasants on his farm earn their keep by the protection that they give to his sugar beets alone. The birds do not harm the crop, but they destroy a particular insect that is attracted to the beet.

The local sportsmen's club is planning to handle twice as many birds next year. Harry Novotny, deputy game warden, aided in the work of releasing the birds, and will devote a large part of his time as game warden in this area. Arrests will be promptly made and fines of \$100 a bird will be asked. It is only by such methods that the multiplying of pheasants and the resultant protection to growing crops from insects, can be accomplished upon an enlarged scale.

Farmers who have pheasants on their farms are asked to leave corn shocks or other protection for the birds. The birds will also need corn or similar feed if they are to live through the coming winter.

Pheasants may be good eating, but their presence in the fields is worth more than an occasional pheasant on the dinner table. The Northwest Towns Sportsmen's club have spent considerable money to increase the number of pheasants in this area and they ask the cooperation of all hunters and the general public.

A game warden is not needed to catch arrests. Any person who has knowledge of illegal killing of pheasants is entitled to half of the fine inflicted, if he swears out a warrant against the guilty person.

Birds were released at the following farms:

Dan Wasser, Schoenbeck road; Wolf Bros., Buffalo Grove road; Pohlmann Bros., Dundee road; Alfred Dietrich, N. State road; Wheeler Farm, Central road; Lawrence Wallwork, Busse road; Henry Winkelhake, Higgins road.

Irate Parents Demand New Election

The total vote in last Saturday's election was 1081, and while all three propositions failed to carry, the result was very close in each case. The first proposition lacked 27 votes, the second lacked 41, and the third 56 votes short of carrying the election for the addition and remodeling of the High School building.

Almost before the election was over, members of the High School Board began to receive numerous phone calls, and disappointed parents were quite outspoken in their outbursts against the voting done of such a worthy and needed improvement.

Just at noon on the day of election, yellow hand-bills of uncertain origin appeared upon the streets of Arlington Heights and Mount Prospect, which called upon the voters to vote against the improvement. The circular, in itself a form of election contest seldom resorted to in school elections, was printed in an out of town shop and was distributed by a crew of strange men, even though the authors expressed themselves as being in favor of spending their money in the community.

By Monday morning the High School Board had received warning that a large delegation would attend the regular meeting of the Board the following night, and were asked for blank petitions which could be circulated calling for an election as soon as possible on the same propositions.

In order that the Board would be prepared to meet whatever situation might develop, all possibilities were discussed Monday afternoon with the P.W.A. authorities, the architects, the bond purchasers, and the legal advisors both of the school board and of the government, and blank petitions were given out to a committee asking for them on Monday night.

Twenty petitions were filed with the Board on Tuesday night by volunteer workers, the petitions containing a total of 642 names, the legal requirement being only 300 names.

Notices were posted Wednesday morning calling for another election on the same three propositions to the election to be held on Saturday, September 24th. The polling places and the hours which the polls will be open will remain the same as at the last election.

Mount Prospect carried their part of the election, but their efforts were not great enough to offset the lack of interest on the part of Arlington Heights parents.

During the course of the Tuesday meeting many suggestions were heard for appropriate signs which should be erected on the new stone entrance pillars at either side of the village, and it was also stated that if portable buildings are ever erected around this high school that they should be put in plain view so that all passing through the town can see and understand the true condition.

P.W.A. authorities stressed the need for immediate action on all grants in insisting that actual construction begin in November. This will require that the next election must be supported if the district is to receive the gift of \$77,270.00, 45% of the cost from the government. The School Board has gone to expense in obtaining the grant from the government, one of which will be lost if the addition is built, and feels that the seventy-five dollar expense of holding another election is well justified as well as legally required upon the filing of adequate petitions.

Mt. Prospect Troop To Be Host To District Scout Court of Honor

The September session of the Court of Honor for the Central District (Des Plaines, Arlington Heights, Mt. Prospect and Wheeling) will be held at 8 o'clock next Wednesday evening at the public school in Mt. Prospect.

Troop Mt. Prospect, sponsored by the American Legion, will be host to the district. It is the first court of honor held in Mt. Prospect and the troop with Russell Smith, scoutmaster, will be in charge of the opening and closing ceremonies.

The Court of Honor is for the purpose of publicly recognizing the achievements which the Scouts have earned and awards will be made for Second Class, First Class and Merit Badges.

The members of the Court of Honor are: E. R. Sellick of Des Plaines, chairman; Harry Dooley of Des Plaines; G. S. Crawford of Mt. Prospect, and C. V. Baker of Arlington Heights.

Arlington Society and Club Events

Year Book Reveals Excellent Program For Woman's Club

The programs for the Arlington Heights Woman's Club have long been an accepted fact, and this year is no exception. In fact, this year is a peep into the new Year Book just out, this year will be even better than before.

The programs will center around the different departments of the club, with the best obtainable talent. Motion pictures, American Home, Citizenship, Literature and Drama, Health Education, Public Welfare and Art, will be stressed. The musical programs are to be a treat indeed, that no club member will want to miss.

The members of the committee who have so ably prepared the year's program are: Mesdames Crumlish, Ahlers, Graves, Gilbertson, Roy Miller and Graham. The first meeting will be held on Oct. 3.

When The Thyroid Needs Attention

By C. W. Lussman
of Sieburg Pharmacy

Do you tire easily? Does it seem impossible to get your work done? Does your memory fail? Do you resent people and things for no good reason?

These are symptoms of a lack of balance in the nervous system, perhaps due to a lack of activity of the thyroid.

Skilled advice from your physician, expert medication can restore you to normal energy, to a sane and happy outlook upon life.

Advice and medication, both should be the best. For one, consult a good physician; for the other, a good druggist.

This is the 7th of a series of Editorial Advertisements appearing in this paper each week.

Miss A. Heiser went to the city last week to have a new home with her sister, Mrs. Diederich and family. Recently she was guest of honor when her old friends gathered to give her farewell good wishes from the church society where she has been a faithful member and worker.

"Dickie" Kring is suffering from pain in one of his ears and head. He is cared for in his parent's home, N. Evergreen avenue.

Mrs. Emma Friesse's friends are pleased to hear that she is recovering from her recent illness.

Mrs. H. Ashton and son, John, recently returned from a trip to Colorado, escaping our moist climate for a time.

Miss Ruth Gregory, Juanita Meyer and Bud Sassman, called on Orson Rau Sunday afternoon at Wheaton and attended vesper services.

Mr. and Mrs. John Traikoff have moved from 36 So. Evergreen into 33 So. Vail that he has remodeled and modernized since he bought the property (Faelze place).

Mrs. S. C. Hodgkin's birthday anniversary was Saturday, Sept. 10, and some of the old birthday circle gave her happy greetings and cheered her shut-in loneliness.

Mr. Geo. Petersen's birthday, Sept. 10, happily celebrated in the home of Mr. and Mrs. Geo. E. Petersen, who gave a dinner in Dad's honor just home folks, the other guests being Mrs. Petersen, Mrs. Harris, and the boys Bob and Gail. A happy family group.

Mrs. Elmer Crane was hostess Sept. 8, to members of the old time Mother's club. This was first get-together after vacation and they had many experiences to talk over. Mrs. Wm. Horstman and Mrs. Liebau from the city were present. The only cloud over the meeting was the thought that one faithful member, Mrs. H. A. Helm, would not be with them in the future, but each one has kindly thought and deeds to keep her memory ever with the members, all friends.

Mrs. Harry Winkelman's home, So. Evergreen avenue, was a busy place Sept. 9, when 24 members and friends of the Coosa Circle gave an unassuming member, Miss Elinor Redeker a pre-nuptial shower. After the first excitement passed, Mrs. Mina Redeker came in to enjoy the party given for her daughter. There were many gifts, choice refreshments and cards in addition to social greetings and many sincere good wishes for the future happiness of the guest of honor.

Miss Mildred Becker went to the home of a relative, Mrs. De Pue in Des Plaines Tuesday. She was invited for a social evening. Weather was rainy, but a mere sprinkle compared to the downpour she walked into. When the first surprise passed she was made the honor guest of a pre-nuptial shower arranged by the Misses Rose Marie Kibbie, Grace Bauer, Rose Otto and Marie De Pue. Their combined effort was a deluge of gifts, dainty refreshments, bingo, with souvenirs and a cargo of good wishes for a bright future and fair weather Saturday, Sept. 24, when Miss Mildred Becker and Mr. Edgar Stromberg will be united in marriage.

Rev. Oscar Weinrich and congregation in Churchville, have had a busy year. Their church building early in the season was struck by lightning, the interior had to be rebuilt, then a happy re-dedication. This summer observed the 100th anniversary. Three weeks ago their pastor's 25th anniversary of ministry with a thought of the approach of his 25 years of marriage—fine gifts were given to him and his wife, Sept. 18 being the date of the 25th anniversary of Pastor and Mrs. Weinrich's marriage. His brothers and sisters formed a party and celebrated the event with a reunion of his family. Mr. and Mrs. Wm. Guenther, Mrs. Wm. Hinrichs, Mrs. H. Geffert, and Mr. and Mrs. Wm. Krueger and the brothers, Arthur, Ernst, Weinrich of Arlington Heights, Mr. and Mrs. Eberhard Weinrich from the city and Mr. Rudolph Weinrich from Michigan, were the guests. About two weeks ago his nephews and nieces, sixty, were present to hold their party for their uncle and aunt. A wonderful experience which will always hold happy memories for the Weinrich family.

Adeline Sadecky has enrolled at the C. H. school at Des Plaines for a course of study.

Mr. and Mrs. Moore from Park Ridge are the new occupants of the Horcher property, 739 N. Pine avenue.

Mr. and Mrs. Antes, who have been living in Miss Heiser's place, have moved to the south side and their daughter, and family have come from Palatine to share the house with them.

Henry Chidley is a student at De Paul University this year.

Miss Gertrude Adam arrived in Chicago Monday after three weeks spent in visiting and sight-seeing in California, where she met old friends and made some new ones.

Mr. Raoul Peeters recently rounded out twenty-five years employment with the Edison Co. and his department associates and officials, gave him a happy surprise—congratulations, flowers and gifts as souvenirs of the occasion.

Lorain Fiene was twelve years of age September 6, and relatives from Palatine, Mt. Prospect and Arlington Heights, went to the family home, W. Campbell and made a family party with Lorain the birthday child, guest of honor. She received flowers, candy and a handkerchief shower. A fine cake and other refreshments were served. Everyone enjoyed Lorain's birthday.

Monday, Sept. 12, Laura, daughter of Mr. and Mrs. Edw. Fritz, was six years old and a merry company of companions gathered to celebrate with games, ice cream and cake. All planned and engineered by Mrs. Fritz, who knows how to give little people a happy time.

Bowling

by HERB HAMMERL
The Monday night bowling league got started last night, Monday, Sept. 12, right on schedule. The old time pep of the league was missing, and the spirit of the boys was dampened to a certain degree on account of the death of one of our star bowlers, Art Meyer, and also the death of one of our most ardent bombing fans and boosters, Gus Framberg. The heartfelt sympathy of the Monday night bowling league goes out to each of the bereaved families.

The advent of a new bowling season brought us one new sponsor and several new faces in the different lineups. "Webby" Hartmann left over where Jake Krause left off and we're glad to welcome him as a sponsor. "Curly" Meyer him as a sponsor. That team, On the Cafe team, Art Luerssen and the Thompson Brothers are going to combine their efforts to help make the Cafe team a winner. Frank Szasz is filling the place made vacant by "Jock" Meyer, and he got off to a good start. On the Elevator squad Mr. Lino of Stonegate and Al. Popp are the new men into the league and hope they all have a good season. I almost forgot to mention, Fred Brehm has been appointed official foul man for the league. John D. has been elected as the new League President succeeding Wally Tesch.

The scores of the first night were not very impressive, but just the same you can't tell anything about what's going to happen after only one night of bowling. It's going to take a couple of nights for the boys to hit their stride and then is when the "600" series start. We only had one "600" series Monday and that was a dandy. Irv. Kehe pounded the maples to the tune 657, which included a 244 game. Louis Sadecky won the dollar on 3 and 4 with a swell 247 game.

On 1 and 2, the Elevators took the Hartman shoes for two games. Geo. Harris was high for both teams with 531 and "Dooley" Winkelman won the dollar with 205.

On 3 and 4, they fell a little better as they usually do on that pair of drives. El Rand took Blatz for two games, the first one by 1 pin and then went on to shoot the first 1000 game of the season in the second game 1007.

On 5 and 6 the Hams won two games from Cafe with Carl Huber the high man on both teams with

THE CHAPLAIN'S CHAT By Captain Todd

MAN DOES NOT LIVE BY
BREAD ALONE, but by the spiri-
tual food; love, faith, hope, ambi-
tion.

Many of the world's most ex-
quisite paintings and sculpturing
and many of the world's immortal
essays were given to us by poor
half-starved artists who had barely
enough bread to keep the body
alive.

Who are the happiest people you
know today? Are they the people
who are only well fed? Not at all.
The happiest people, if you will
but look around, are the busiest
people; the people who are inter-
ested in others; the people who are
working and striving to accomplish
something worth while; the people
who give generously; the people
who help others; the people who
create things of beauty; they are
the people who do not need to live
by bread alone.

Conference Grid Teams Are Well Matched In '38 Season

by GERALD A. McELROY

Another conference grid iron campaign is just around the corner, and all indications point to just as close and interesting a race as last year. Three teams were defeated but once in 1937 and this trio will probably battle it out for top honors again as all three are blessed with a generous supply of experienced men both in the line and backfield.

Lake Forest's record in 1937 was six victories and one loss to Arlington Heights, and one loss to Arlington Heights, and one loss to Arlington Heights.

This week we are reviewing the 1938 football prospects of Lake Forest, Warren, and Arlington Heights, who appear to be the chief rivals of the strong Arlington team in the race for the mythical conference title.

Lakers Fast

Lake Forest will be starting their fourth year in the conference with Edgar Lindenmeyer again at the helm as head coach, assisted by K. M. Keenan. Lake Forest, under the Lindenmeyer regime, has been noted for light but fast and aggressive teams. This year's team will be no exception.

Lindenmeyer has eight lettermen returning with Captain Dan Ingersoll at tackle, the heaviest at 175 pounds; others are: O'Neill, tackle, 170 pounds; O'Neil, guard, 160; Strub, guard, 160; Martin, end, 165; O'Hara, half back, 155; Peschman, half back, 155; and Bailey, quarter back, 140. Of this group Ingersoll is a three year veteran and O'Hara, Peschman and Martin have had two years of first team services. The best prospects to fill in the spots left open by graduation are: Jensen, center, 160; Hanes, end, 158; Inden, half back, 150; Anderson, half back, 144 and Verbeke, half back, 148.

Open With Evanston

Lake Forest has 70 out for football and the first action will be next Friday, September 23, when the "Scouts" meet the Evanston Junior Varsity at 3:30 on the home grid iron. This will be Lake Forest's only non-conference opponent.

Have Heavy Team

Warren is without question one of the clubs to beat if any team has title aspirations. The Blue Devils are big and experienced and the chief difficulty Coaches Kelton and Salisbury are up against, is a lack of speed according to their story. Warren's greatest material is in the line and Kelton expects to be weak in backfield reserves.

Warren's squad of 50 candidates includes eight lettermen who are as follows: Thompson, fullback, 180 pounds; Zimmerman, quarterback, 170; McCann, end, 160; Koetz, end, 170; Jackson, tackle, 195; Lossman, tackle, 190; Beck, guard, 150; and Kennedy, guard, 170. Among last year's reserves who are counted on for lots of action are Ficken, tackle, 215; Connell, guard, 170; Kemp, end, 170; McCaughey, center, 190; Herman, halfback, 155; Drayton, guard, 155; Beschel, halfback, 145; and Bandli, half back, 140.

Warren opens the season at Barrington Sept. 24 and is a favorite to win.

94 Wildcats Report

Libertyville tops the conference in the size of their football squad with 94 candidates of whom 40 are freshmen. Coach Bergstrom remarks that prospects are about the same that they have been at Libertyville the past three years, but he expects an improvement in the near future if the present interest in this indication. Olson will coach the lightweights and Crawford the frosh-soph.

Libertyville will have inexperienced men in key positions and the success of the team will depend a great deal upon how well they fit into the machine. Eight lettermen are available including Strand, end, 160; Hoskins, tackle, 150; Smith, 140; guard, 150; center, 240; Woodall, guard, 150; Wilson, quarter back, 135; Ensvold, halfback, 135; and August, fullback, 150. Libertyville will have a light team, but will have lots of speed in the backfield. New men average heavier than the veterans with the following the best prospects according to Bergstrom, are Satterfield, Morris, Brown, Rouse, Whamond, Krumery, Brown, Gossell, and Bell.

Red Wings Rained Out for the nth Time

The game between the Zulu Canaball Clowns and the local Red Wings, was called on account of rain and wet grounds. The management is trying to arrange a game with this team for Sunday, Sept. 25. This will be the last game of the season, so let's make it the largest crowd of the season also. Rain has caused a good many postponements this season, but we hope the weatherman will relent and give us two good Sundays to end the season.

Next Sunday, Sept. 18, Des Plaines will be here. You fans all know what that means. Tommy Meahan has a good team down there at Des Plaines and it should be a tough battle from start to 3 p. m., so let's all be there. And don't forget the 25th. That will be the last chance to see the Red Wings in action this season, so don't miss it.

"Phantom Gold" Lures Money-Mad Outlaws!

A "ghost town" thunders to life once more! A bandit-buckin' buckaroo guns for outlaws in the great gold fields! Money-hungry renegades in a wild stampede for a fortune in gold!

Set in a deserted mining town, Columbia's "Phantom Gold" is a modern tale of modern men and women! The film which comes to the Arlington Theatre Sunday and Monday, features Jack Loden, with Tuffy the wonder dog, Beth Marion, Charles Whittaker, Marin Sais and Hal Taliferro heading the supporting cast.

Tipperary, Ireland lies in the "Golden Vein," a rich plain on the north side of the Galtry mountains.

PROSPECT HEIGHTS

by NAN RAUEN AND LAVERNE MILLER

Important Notice. There will be a meeting for all the folks of Prospect Heights at Bob Conley's Service Station next Wednesday, Sept. 21, at 8:00 p. m. Since this meeting and decisions that will be made at the meeting, are of vital importance to this community, it is hoped that everyone will be present.

We extend our deepest sympathy to Mr. and Mrs. Harry E. Steele, in their recent bereavement. Mr. Steele's Dad passed away September 7, and was laid to rest at St. Joseph cemetery, Friday, September 9.

Mr. and Mrs. Arthur Brownell entertained Arthur's brother, and sister-in-law, Mr. and Mrs. Kenneth Brownell, and baby daughter, Delores, last Saturday.

It seems that everything happens up on the north end of Prospect Heights. One week-end it's stray bullets going through windows, and the next week-end we start out on Friday morning about 5:00 a. m. by having lightning strike the corner of Jackson's house. We are glad to report that no one was hurt, and that the damage was taken care of next day. Then on Saturday morning a young man, accompanied by his mother and a lady friend were driving in to Chicago, when the driver of a truck in front of him, decided to turn in to Moeller's driveway, just when the young man was going to pass the truck. In order to avoid hitting the truck, the car took the ditch, but no one was hurt. Alfred Haenker and his helper, who followed in a State-highway truck, pulled the car out of the ditch and they were able to continue on their way with little damage.

Mrs. Anne Nielsen was delightfully surprised last Friday evening when Gladys Habel, Betty Parker, Betty Mucera, Mary Cunningham, Ann Reynolds, Catherine Jacobs, and "Robby" Thiede, drove out to see the new home. The ladies enjoyed themselves immensely, and they did not leave until the wee sma' hours. We know that the Nielsen's will long remember this surprise, and Anne is very proud of the beautiful gift of a peach silk damask dinner cloth and napkins that the ladies gave her, for the new home. All of the ladies work with Ann at the Telephone Company office.

The Nielsen's also entertained Anna's sister and her husband, Mr. and Mrs. Maxwell, and Mr. and Mrs. John Erby, from the south side of Chicago. After a delicious dinner they spent the afternoon playing cards.

Glad to report that Ed. Sobwick is feeling much better and is able to be back at work. We are also pleased to hear that Clara Ed's sister, is recovering nicely after having undergone another operation last week.

Mr. and Mrs. T. M. Foy will celebrate their wedding anniversary Saturday evening. They will entertain 24 friends to supper.

Congratulations are also due the other half of the Foy family, since Mr. and Mrs. C. G. Berlin are married one half year on Saturday and of course they will help their parents celebrate.

Mr. Carleton Smith had a day and his orchestra will furnish the off last week when he played in a music.

Golf tournament over at the Wick-ersham golf course.

Mr. and Mrs. Jackson entertained a number of friends last Sunday. We have still another wedding anniversary celebration among our folks this month. Mr. and Mrs. Wilbur Rodgers celebrated their 11th anniversary Sept. 11. They entertained 16 friends.

Grace Schauf celebrated her birthday last week by having a number of her friends in for cake and ice cream.

Little Billy Lancaster has started his first year in school and is a pupil at Wheeling township.

Mr. Jenrich went down to see the Cubs at Wrigley Field last Saturday, expecting to see them win, but he was sadly disappointed.

Mrs. Alice Lancaster enjoyed herself very much attending her lodge picnic at Sherwood Park.

We are sorry to report that Mrs. Jenrich has been very ill, and we hope that she will soon be well again.

The Neilsens and the Rauens enjoyed a delicious game dinner last Thursday night, with their Hunter Neighbors, the Neagles.

WHO'S WHO

This week we will have a joint Who's Who, since we have the Foy's and the Berlin's living together on Willow road. The folks moved out here April 2, just one week after Mr. and Mrs. C. G. Berlin were married.

Both Mr. and Mrs. Foy are employed by the Crown Stove Works. Mr. Foy is in the installation department and Mrs. Foy is manager of the Merchandise Mart Crown Stove Works, and has been with this concern for the past 28 years.

This family really take their hobbies seriously, and since the men folks both have the same hobbies, they can be seen any Sunday morning around six o'clock on their way to the golf course. They offer a challenge to take on any two people in the community.

The ladies enjoy going to the races, when the racing season is open.

The entire family enjoy bowling very much, and since all four are expert bowlers, they are very anxious to get started this season.

"Tippy" who stops traffic every once in a while on Elmhurst road.

Mr. Prospect Country Club Holds Dance This Saturday

Mr. Prospect Country Club is sponsoring a dance at the club quarters on Elmhurst road this Saturday evening. Harold Isbell, WBBM radio announcer, and other radio stars will be present. Wally Hermes, Mr. Carleton Smith had a day and his orchestra will furnish the music.

Plowed Down Straw, Stalks, Manure Have Bad Effects On Crop

"As explained at our Soil Testing Meetings," states Farm Advisor C. A. Hughes, "we have recently discovered that plowed down stalks, straw, or straw manure has a depressing effect on crop yields. The following experiment, although only run one year, illustrates this condition.

Corn 1937 Bushels
1. Check 71.7
2. Wheat straw 50.7
3. Sweet clover grown but removed 64.1
4. No clover grown but sweet clover from 3 applied 85.3
5. Sweet clover grown and plowed under 93.0
6. Sweet clover and straw 103.3

"This means apparently that on plot 2, where straw and stalks are plowed down, we have denitrification taking place and yields are lowered. Note on plot 5, where sweet clover was grown and plowed down, a yield of 93 bushels of corn was secured. The last one, number 6, is a combination of 5 and 2. Instead of securing an average of these two yields or about 75 bushels, the yield was 103 bushels.

The vegetable gardening people have found the same thing to be true after plowing down straw, that nitrogen fertilizers must be used heavier to get this same effect. This means that under a destructive system of farming the farmer might as well dispose of his straw and burn his stalks. On a farm where soil conservation is practiced, clover grown and plowed down, straw and stalks may also be profitably plowed down stalks and straw alone as a permanent system for building up our land."

Christian Scientists To Broadcast Sermons

Mr. Benjamin F. Lewis, a member of First Church of Christ, Scientist, Highland Park, and former mayor of that city, will be the speaker at the Midway Service, broadcast over Station WGN (720 Kc), Chicago, on Saturday, September 17, from 11:35 to 12:00 o'clock, Central Standard Time. The address, which is one in a series presented by representatives of different religious denominations, is on the subject: "The Religious Ministry of Worship."

You are cordially invited to listen to the network program of The Columbia Church of the Air Sunday, September 25, from 12 noon to 12:30 o'clock Central Standard Time, conducted by Mr. B. Palmer Lewis, Christian Science Committee on Publication for New York, who will radio-cast a statement on Christian Science especially prepared for this occasion. This program, originating from the Columbia Broadcasting System studios, is without an Illinois outlet, but may be heard on other Columbia network stations.

Safety Radio Broadcast To Begin Next Sunday

Announcement was made this week by Secretary of State Edward J. Hughes of a 15 week automobile safety radio program to be broadcast each Sunday morning at 10:30 beginning September 18 over station WBBM Chicago. The thought provoking title of the series is "It Happened So Quick."

The electrically transcribed dramatizations cover the most important causes of the highway tragedies which bring thousands of deaths to our country each year and have been used in 28 states.

Walter A. Furman, 25, East Chicago and Elizabeth M. Pitzer, 21, Chicago, formerly of Arlington Heights.

Don't put off until tomorrow repairs that should be made today. Keep your car in good condition. You cannot exercise the care essential to safe driving on a highway when your car will not respond to the strain put on it. Sudden changes of lights, and unusual hazards on the road require quick action. Your car must be in the best possible mechanical shape to meet such situations.

New License Plates To Be Distributed After November 1

Application forms for 1939 license plates will not be ready for distribution until November 1, at which time reassignments will be made upon request of motor vehicle owners. Secretary of State Edward J. Hughes announced this week.

Numerous requests for application blanks and number combinations are daily being received by the State Automobile Department. New number combinations cannot be issued, Secretary Hughes explained, because at this early date it is impossible to tell which plates will be reassigned prior to December 1 as required by law.

Put Your Heavy Loads on the McCormick-Deering All-Steel, All-Purpose Truck

THE McCormick-Deering All-Purpose Truck is a remarkable unit for hauling farm loads. Built entirely of steel, for use with tractor or horses, it has a capacity of 2 to 2 1/2 tons. Two roller bearings on each axle assure exceptionally light draft. Unusual flexibility is made possible by the steel swivel-reach coupling. Front wheels have the auto-steering feature. The track is standard, wheelbase is adjustable from 84 to 126 inches. The truck will take any box, rack, or other standard equipment. It will give you many years of good service—come in and see it now on our display floor.

A. F. Pottratz Roselle Bank Official Dies

A. F. Pottratz, 74 years old, Roselle banker and for the last 10 years school treasurer of Hanover township, died yesterday at his home in Ontarioville. He was a resident of Elgin from 1909 to 1918 and was a member of St. Paul's Evangelical church of Elgin and of Elgin lodge, No. 117, A. F. & A. M.

Born in Minnesota, he came to Bartlett in 1905 to take a position with the Roselle State bank and continued to be active in that institution since that time. He is survived by a daughter, Mrs. Edgar Post of Ontarioville and two grandchildren, Edgar Post, Jr. of Ontarioville and Mrs. Margaret Post Lange of Downers Grove. Funeral Thursday.

Funeral services will be at the home at 2:15 Thursday afternoon and at St. Paul's church in Hanover at 3. Burial will be at Hill City cemetery.

Mr. Pottratz was born April 30, 1864 at Elgin, Minn., in a log cabin. He was the son of Ferdinand and Anna Pottratz, pioneer farmers. As a boy, he attended rural public schools. He worked on his father's farm and was employed at times as a carpenter's helper.

At the age of 20, during the winter months of 1884, he took up a business course at the Northern Indiana Normal School and Business College at Valparaiso, Ind. The following winter, he obtained some experience as a clerk in a general store. On March 15, 1888, he married Miss Jennie Schutte, also of Elgin, Minn. He and his bride made their home for four years in St. Paul, Minn., where he was employed as a carpenter. Enters Banking Business.

In 1892, he became manager of a lumber yard at Belview, Minn., in a virgin territory in western Minnesota on a new railroad. After 10 years in the lumber business, he became cashier of a new bank opening in Belview.

Since coming to this vicinity in 1905 to enter the Roselle bank, he has been active in rural educational work in Cook county. He has also been active in the Lions' club at Roselle.

THE PEDLAR
Come buy
Weeds of high and of low degree!
Weeds—But proud of their ancestry;
Jimson weed any day can bring
A charter straight from James,
the King;
With her maids around her, one
Queen's face
Was framed in these whorls of
fair lace;
Her ladies-in-waiting, pricked by
need,
Decked themselves with the jewel
weed;
Joe-Pye weed was the court's out-
rider
When they stopped at inns and
bawled for food;
But Yankee Doodle wore smart
weeds feather
When he galloped thru town bent
close to leather.
Come buy!
Bind weed, milk weed, aster,
Come buy for your pretty lass,
young master!
Come buy!
Meadow sweet, iron weed, hard
hack—
There's gauds for all in September's
pack!
Our village thirty-five years
ago: The milkman would deliver
milk, but not cream—because of the
gossip. "Certainly," said the little
Cranford gentlewoman, "if the
milkman delivered cream to you,
the neighbors accused him of sell-
ing them skimmed milk. It's always
better to avoid even the appear-
ance of evil."

NOTICE

Public notice is hereby given that pursuant to a notice hereto-

A. F. POTTRATZ

A. F. POTTRATZ

-- As a Friend, Business

Man, Public Official

by NOBLE J. PUFFER, Cook

County Supt. of Schools

The death of Mr. Pottratz will be
mourned by a host of friends and
neighbors. Civic minded, kind, con-
scientious, faithful and industrious,
he was always busy at worthwhile
things.

He had an intense love for peo-
ple, and especially children and
young people which was expressed
through many interests, the prin-
cipal one being the school. For many
years, he served with distinction as
township treasurer of schools of
Hanover township, giving freely of
his experiences to the school offi-
cials and trustees.

As a friend and business man
who all loved and respected, he
shared the problems of many of
his friends, neighbors and business
associates. People instinctively
felt that Mr. Pottratz' friendship
was a rock of Gibraltar in time of
need. He was always kind, sym-
pathetic, and helpful.

Mr. Pottratz was a charter mem-
ber of the Roselle Lions Club and
as a member he fulfilled his duties
cheerfully, constructively and con-
scientiously.

His optimism was a most valu-
able thing for too often men in
public life are bowed down by their
cares and problems and find it hard
to be cheerful. His cheerfulness
was coupled with sympathy and un-
derstanding, alone of mankind.

Quiet, unassuming, he did not
like display.

Mr. Pottratz lived the kind of
life to which people can point as
a fine example for the young.

Possessed of a deep belief in his
creator, he was a true Christian and
practiced faithfully the Golden
Rule.

In his passing we mourn the loss
of a fine Christian gentleman, a lov-
ing father, a loyal friend, a good
neighbor, a most conscientious and
faithful public servant.

Band Director Explains Instrumental Rental System At Arlington

Mr. Costain, high school music
instructor at Arlington Heights,
told the value of the instru-
mental rental plan in determining
the ability of the music student.

"On every side can be seen the
advancing popularity and enjoy-
ment of vocal and instrumental
music," said Mr. Costain.

"The hundreds of thousands who
attend the Grant Park concert—
the success of the annual Tribune
Music Festival—the widespread
interest in the improved radio con-
certs given by symphony orches-
tras and opera companies, and the
general adoption by practically ev-
ery school in America of music as
a regular credit subject in the cur-
riculum, leads us to the point that
every school boy and girl should be
given some kind of music in-
struction."

"This is essential in order to
better appreciate, enjoy and ac-
tively participate in music, which
will be a part of his or her envi-
ronment in school, church, recreation,
business and social life in increas-
ing importance as time goes on."

Most parents would be willing
to purchase an instrument if they
were reasonably certain of two
things. First, does the child have
any natural musical talent; and
second, will the novelty soon wear
off and the instrument be stored
in the attic? A music talent test
is given to all freshmen at Ar-
lington each fall, which answers
quite accurately the first question.

Arrangements have been made
with several reliable Chicago music
companies to rent new or used in-
struments for three dollars a
month for three months. At the
end of this trial period, the student,
the parents, and the instructor
have a good idea as to whether it
should be continued.

The instrument may either be
returned with no further obliga-
tions, or purchased by applying
the three months rent as down
payment and either paying the bal-
ance in cash or on monthly terms
as low as five dollars. Free class
lessons are given during school
time to all students accepted.

With a talent test, inexpensive
trial period, and free lessons, all
parents of grade or high school
students should seriously consider
the future music education of their
boy or girl. Mr. Costain, high
school music instructor will be glad
to talk to any parents who are in-
terested.

The First Coffee Houses

Constantinople is believed to have
been the first European city in
which coffee houses were institu-
ted, the year of their establishment
there being 1554 A. D. In 1650 the
first one in England was opened at
Oxford.
